We need your help!

If you have some extra time, Voter Service is always in need of help. The following are some of the tasks: labeling and stuffing the newsletter once a month; labeling *Voters Guide*; proofreading the *Voters Guide* and other literature; calling candidates for follow-up; organizing candidates for PBS forums; timers, monitors and hand out distributors for candidate forums; voter registration people; making labels for mailings. Many of these tasks can be done from home if you are computer proficient. Call the League office at 210-657-2206.
