TESTIMONY

HB 1469

House Committee on Environmental Regulation

March 25, 2009

The League of Women Voters of Texas **SUPPORTS HB 1469** by Representative Michael Villarreal.

This bill:

- Requires the TCEQ and the Legislative Budget Board to prepare a carbon dioxide impact statement for all joint resolutions or bills pending before the Texas legislature.
- Requires other agencies to provide any information or assistance that they may have.

A carbon dioxide impact statement of all joint resolutions or bills will give legislators the information they need relating to any climate change impact the proposed joint resolutions or bills may cause. This is a positive step in our efforts to combat climate change.
