

Take Action on Voting Rights & Elections Laws

Yesterday, Speaker Straus named all of the members for House Committees. We are preparing to see many bills that we care about soon be sent to the Elections Committee.

They will be in the organizing stage before taking up bills. If you are a constituent of one of the following legislators, please email or call them. Tell them congratulations and thank them for their upcoming service. It doesn't have to be long, but it matters if they get correspondence from the people they represent.

A message might be something like this – in your own words:

Congratulations on your appointment to the important Elections Committee! Thank you for representing our District and all of Texas as you take on the important work of providing a voting system of integrity for all of our citizens.

The League of Women Voters of Texas has been researching and accumulating knowledge on voting issues since 1919. We stand ready to support your work in any way you believe we may help.

Best wishes as you proceed with the business of the good People of Texas.

If you have any questions, please contact the LWV-TX office at 512-472-1100 lwvtexas@lwvtexas.org.

Elections Committee membership includes:
